Re: Support for Medical Marijuana Dispensary in the City of Jacksonville,
Arkansas located at

7418 TP White Drive, Cabot, AR 72023

Ladies & Gentlemen:

I understand that an existing Arkansas medical marijuana dispensary license holder, GL Little Rock, LLC, desires to relocate its medical marijuana dispensary facility currently situated in Little Rock, AR to the City of Jacksonville, AR located at the above referenced address. The purpose of this letter is to express my support for this relocation.

Greenlight management representation presented the proposed re-location to myself and I have assisted them in finding a suitable location which meets the requirements as set by both the State and City of Jacksonville.

The income to the city this business will provide will be invaluable and aid in fostering more economic growth for the City and provide much needed resources for the citizens of Jacksonville.

I am in total support of the relocation. Please do not hesitate to contact me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Elmore", is written over a horizontal line.

Mayor Jeff Elmore
